# JOB POSITION
# WEB DEVELOPER

## Overview:

**Term:** 12 Month Contract (*with the potential to become a full-time position*)
**Hours:** 37.5 hours per week
**Salary:** Depending on experience
**Location:** Kennford, Nr Exeter

## About us

Drive Creative Studio is a multi-award-winning company based near Exeter, amidst rolling hills and countryside air. Working with businesses of all sizes, we're at our best when spearheading campaigns with original concepts. Our team aims to get under the skin of a brief, gain insight and produce bold, persuasive design, smart marketing communications and beautiful, effective applications. While compact, our team output is broad, multi-disciplinary and of top-notch execution – without an agency house style.

## Why the role exists:

As Drive's portfolio and reputation grows, so does the demand for our ideas and expertise. An ever increasing demand for online means a full-time position has become available for a senior web developer in our Exeter studio.

## Our studio is best known for:

INTEGRITY
Passionate about design and creative communications, we uncover the best way to reach audiences – from branding and digital campaigns through to animation. Our standards and how we work with our clients is always true to ourselves.

UNDERSTANDING
We pride ourselves on a deeper understanding of a client's business. Our attention to detail runs through our methodology, planning and concepts, to final production – we care about producing work that really works.

CAPABILITY
Ideas are our lifeblood; to realise them we offer the perfect blend of services, enabling us to execute work to the highest of standards bringing a versatile 360˚ view to a brand. Our team and clients expect us to turn our hands to various design and build disciplines without blinking an eye.

**Drive Creative Studio**®

# WEB DEVELOPER

## The ideal candidate:

Drive Creative Studio is a small, yet ambitious design agency. Although we work in an informal atmosphere where we enjoy what we do, it's a fast-paced, professional environment where we work hard to high standards and tight deadlines. The ideal candidate will have excellent demonstrable skills in responsive CSS, HTML and JavaScript, and will require a strong understanding of design and UX principals.

You will need to be highly enthusiastic and self-motivated with proven web development experience. At least 4 years in a web development role is essential, agency-side experience is preferred. A degree or equivalent qualification in an appropriate field would be expected, but not essential.

Although this is not a design role, you will be working alongside designers and will need to use the Adobe Creative Suite to turn designs into high-quality, pixel-perfect, responsive websites with an extra transitional flair here and there. An eye for detail and a desire for the highest standards is essential. Experience with WordPress, E-Commerce platforms and CMS systems at a bespoke level would be a necessity for this role.

You will need to demonstrate a proactive attitude, the ability to manage your own time and projects and good communication skills, as some client contact work will be necessary.

This is a fantastic opportunity to become a member of a small web team. We are based just outside Exeter, so having your own transport will be essential for this role although some home-working is a possibility.

## Essentials

You must have a strong, demonstrable understanding of up-to-date front-end development skills including:

- Building pixel-perfect, responsive websites
- CSS and responsive frameworks such as Bootstrap
- HTML5
- JavaScript/jQuery
- PHP
- WordPress

We would expect you to be able to show:

- Experience and understanding of the Adobe Creative Suite
- An enthusiasm for code and constantly exploring new ways of doing things
- High standards and an eye for detail
- Excellent organisational and time-management skills
- An ability to prioritise workload to deadlines
- An ability to work equally well on your own and as part of a team
- Experience working directly with clients

## Desirable

Any experience of the following would be a desirable advantage:

- WooCommerce, Shopify and Magento
- MySQL
- Version control
- Server administration

## Salary & Benefits

- Competitive salary based on skills and experience.
- 20 days holiday + UK bank holidays
- Additional 'doors-shut' Christmas to New Year policy
- Pension scheme
- Ad hoc studio pub visits and team days out
- All the free tea, coffee or squash you can drink
- Free eye tests
- Free parking

Please submit your CV, a covering letter and work examples to hello@drivecreativestudio.co.uk No agencies please.
