

JOB POSITION

WEB DEVELOPER

Overview:

Term: Permanent

Hours: 37.5 hours per week

Salary: Depending on experience

Location: Kennford, Nr Exeter

About us

Drive Creative Studio is a multi-award-winning company based near Exeter, amidst rolling hills and countryside air. Working with businesses of all sizes, we're at our best when spearheading campaigns with original concepts. Our team aims to get under the skin of a brief, gain insight and produce bold, persuasive design, smart marketing communications and beautiful, effective applications. While compact, our team output is broad, multi-disciplinary and of top-notch execution – without an agency house style.

Why the role exists:

As Drive's portfolio and reputation grows, so does the demand for our ideas and expertise.

A full-time position has become available for a mid-weight web developer in our Exeter studio.

Our studio is best known for:

INTEGRITY

Passionate about design and creative communications, we uncover the best way to reach audiences – from branding and digital campaigns through to animation. Our standards and how we work with our clients is always true to ourselves.

UNDERSTANDING

We pride ourselves on a deeper understanding of a client's business. Our attention to detail runs through our methodology, planning and concepts, to final production – we care about producing work that really works.

CAPABILITY

Ideas are our lifeblood; to realise them we offer the perfect blend of services, enabling us to execute work to the highest of standards bringing a versatile 360° view to a brand. Our team and clients expect us to turn our hands to various design and build disciplines without blinking an eye.

JOB POSITION

WEB DEVELOPER

The ideal candidate:

Drive Creative Studio is a small, yet ambitious design agency. Although we work in an informal atmosphere where we enjoy what we do, it's a fast-paced, professional environment where we work hard to high standards and tight deadlines. The ideal candidate will have strong skills in responsive CSS, HTML and JavaScript, and will also require an understanding of design and UX principals.

You will need to be highly enthusiastic, with proven web development experience. At least 1 year in a web development role is preferred, but graduates may be considered. A degree or equivalent qualification in an appropriate field would be expected, but not essential.

Although this is not a design role, you will be working alongside designers and will need to use the Adobe Creative Suite to turn designs into high-quality, pixel-perfect, responsive websites with an extra transitional flair here and there. An eye for detail and a desire for the highest standards is essential. Experience with WordPress, E-Commerce platforms and CMS systems would be a big plus.

This is a fantastic opportunity to become a member of a small web team. We are based just outside Exeter, so having your own transport will be essential for this role.

Essentials

You must have a strong, demonstrable understanding of up-to-date front-end development skills including:

- Building pixel-perfect, responsive websites
- CSS and responsive frameworks such as Bootstrap
- HTML5
- JavaScript/jQuery
- PHP

We would expect you to be able to show:

- Experience and understanding of the Adobe Creative Suite
- An enthusiasm for code and constantly exploring new ways of doing things
- High standards and an eye for detail
- Excellent organisational and time-management skills
- An ability to prioritise workload to deadlines
- An ability to work equally well on your own and as part of a team

Desirable

Any experience of the following would be a desirable advantage:

- WordPress
- MySQL
- Git version control

Salary & Benefits

- Competitive salary based on skills and experience.
- 20 days holiday + UK bank holidays
- Additional 'doors-shut' Christmas to New Year policy
- Pension scheme
- Ad hoc studio pub visits and team days out
- All the free tea, coffee or squash you can drink
- Free eye tests
- Free parking

Please submit your CV with a covering letter and examples of work to

hello@drivecreativestudio.co.uk

No agencies please.
